Duluth, Minn.

February 17, 2016
9:00 AM - 4:30 PM (3 parts)
Great Lakes Aquarium
353 Harbor Dr.
Duluth, MN

Registration Required:
Pay by check or credit card
Online: http://z.umn.edu/WSGtraining
By Phone: (651) 480-7732 (Larisa)

The Watershed Game is an interactive, educational tool that helps students and adults understand how land use affects water quality. Participants apply plans, practices and policies to achieve clean water goals while providing for community growth. Playing the game encourages people to recognize best management practices for water quality and to cooperate in maximizing community success.

Minnesota Sea Grant and the University of Minnesota Extension invite you to play The Watershed Game with them on February 17 so that you can then share the game with other groups. You do not have to attend all parts of the training.

Part 1 (9:00 AM - 2:00 PM)
The Watershed Game: Classroom Version
Fee: $35 or $80 w/copy of The Watershed Game: Classroom Version (includes snacks and lunch). Learn to use the newest version! The training includes the complete lesson and activity plan, electronic components and supporting resources, including Project WET activities.

Part 2 (2:00 - 3:30 PM)
The Watershed Game: River, Lake, and Stream Versions
Free. Let us introduce or reintroduce you to the original versions!

Part 3: (3:30 - 4:30 PM): Up Your Game!
Free. Ready to seriously play? This advanced training in best practices for facilitating will include a discussion and sharing of methods for making the most of The Watershed Game!
